Important Winter Storage Information Checklist

2 to 3 week backlogs are possible for winterization requests. To prevent freeze damage, please keep this in mind and notify us as soon as your boating season is over.

Your initials indicate I have read and accept the following Eddy Creek Marina Resort, ECMR policy statements:

_____ ECMR must have a completed winterizing form and a set of keys available before scheduled service can begin. Keys may be left in the office or on the boat. When keys are left on the boat, location of the keys must be noted on the winterizing form.

_____ Removal of drain plugs from boats stored on the parking lot is the owner’s responsibility.

_____ Waste tanks must be emptied prior to winterization work.

_____ All boats winterized and stored on ECMR property will be summerized by our service department by April 15th unless prior notification is received by the customer.

Pump out and fueling services are available Monday - Friday from 8am-4pm and by appointment.

We have a key drop box on the service door.

Please leave your keys if you drop your boat after hours.

I hereby authorize the above service work requests to be performed on my vessel. Along with the service work requests I understand that in certain instances additional materials may be required. I respect the judgement of ECMR service department in determining if approval is necessary prior to installation and/or repair. In addition to performing the work above I also authorize ECMR to operate the unit above for the purpose of testing, inspection or delivery. It is also understood that ECMR is not responsible for loss or damage to the above unit (or articles left in or with the unit) in case of fire, theft, accident, inclement weather or any conditions beyond our control.

Winterizing forms must be completed and signed by customer prior to service work being completed.

ECMR no longer accepts winterizing information to be taken over the telephone.
